

A Message from James Reinstein

Cutera's core values serve as the foundation of our success. We strive to be ethical and honorable in all of our activities. Our changing environment continues to create new challenges with respect to how we conduct business and we must be prepared with appropriate responses. To assist in meeting these challenges, the attached Code of Ethics covers both familiar and new territory related to legal compliance, business conduct and the integrity of our financial information. In addition, this Code of Ethics identifies numerous resources to assist you in dealing with various situations.

Our reputation for integrity is one of our most important assets and we expect all Cutera directors, officers and employees to safeguard that reputation as they go about performing their duties. Cutera directors, officers and employees are expected to always act according to the Code of Ethics and seek guidance when questions arise. Anything less than total commitment to acting with integrity in conducting Cutera's business is unacceptable.

Take the time to read the Code of Ethics and understand how it applies to you. If you have any questions, contact your supervisor, the Director of Human Resources, VP of Finance, Chief Financial Officer, or me.

James Reinstein

Chief Executive Officer

FINANCIAL INFORMATION INTEGRITY

As a public company, the integrity of the financial information of Cutera, Inc. is paramount. Cutera’s financial information guides the decisions of the Board of Directors of Cutera, and is relied upon by our stockholders and the financial markets. With this in mind, Cutera has created a process whereby all complaints concerning questionable accounting, internal accounting controls or auditing

matters, or the reporting of fraudulent financial information are addressed, and where employees can raise these concerns free of any discrimination, retaliation or harassment by the Company.

Therefore, it is the policy of Cutera to encourage employees, when they reasonably believe that questionable accounting or auditing conduct or practices have occurred or are occurring, to report those concerns to Cutera management (on an anonymous basis, if employees so desire) or to raise those concerns by writing to Cutera's Audit Committee on an anonymous basis, as described below. All reports will be taken seriously and will be promptly investigated. The specific action taken in any particular case depends on the nature and gravity of the conduct or circumstances reported, and the quality of the information provided. Where questionable accounting or auditing conduct or practices have occurred, or fraudulent financial information has been reported, those matters will be corrected and, if appropriate, the persons responsible will be disciplined.

In addition, Cutera is committed to providing a work environment in which employees, when they reasonably believe that questionable accounting or auditing matters have occurred, or that fraudulent financial information has been reported, can raise those concerns free of discrimination, retaliation or harassment by the Company. Accordingly, Cutera strictly prohibits discrimination, retaliation or harassment of any kind against any employee who, based on the employee's reasonable belief that such conduct or practices have occurred or are occurring, reports that information to the employee's supervisor, or those designated in this policy (this "Policy") as having the authority to investigate, discover or terminate any such conduct or practices.

Reporting and Investigation - If you have reason to believe that you have become aware of questionable accounting or auditing matters, or the reporting of fraudulent financial information, or any violations of the Code, you must immediately report those facts to your immediate supervisor, the Director of Human Resources or to the CEO . You may be requested to document your report in writing. If you have reason to believe that all of those individuals are involved in these matters or if you wish to report your concerns anonymously, you should report those facts to the Chairman of the Audit Committee - see contact information below. If you make an anonymous report, please provide as much detail as possible, including copies of any documents that you believe may be relevant to the issue. Please keep in mind, however, that in some circumstances, it may be more difficult or impossible for the Company to thoroughly investigate reports that are made anonymously. Therefore, we encourage you to share your identity.

If you later believe that you have been subject to discrimination, retaliation or harassment for having made a report under this Policy, you must immediately report those facts to either your immediate supervisor, or Director of Human Resources, or VP of Finance, or CFO, or CEO, or any combination thereof. If, for any reason, you do not feel comfortable discussing the matter with any of these parties, you should bring the matter to the attention of the Chairman of the Audit Committee- see contact information below. It is imperative that you bring the matter to Cutera's attention promptly so that any concern of discrimination, retaliation or harassment can be investigated and addressed promptly and appropriately.

The Board or its designated committee will be responsible for investigating violations and determining appropriate disciplinary action for matters involving members of the Board or executive officers. The Board or its designated committee may designate others to conduct or manage investigations on its behalf and recommend disciplinary action.

Subject to the general authority of the Board to administer this Code, the VP of Finance and CFO will be jointly responsible for investigating violations and determining appropriate corrective action. The VP of Finance and CFO may designate others to conduct or manage investigations on their behalf and recommend disciplinary action. The VP of Finance and CFO will periodically report such Code violations and the corrective actions taken to the Audit Committee. The Board reserves the right to investigate violations and determine appropriate disciplinary action on its own or to designate others to do so in place of, or in addition to, the VP of Finance and CFO.

The Company will promptly investigate any suspected violations. If it is determined that evidence of a violation exists, the individual subject to investigation will be notified. The subject of an investigation will have an opportunity to respond to any allegations made against that person. A person suspected of violating the Code may be suspended with or without pay while an investigation is conducted, consistent with applicable local law.

All information disclosed during the course of the investigation will remain confidential, except as necessary to conduct the investigation and take any remedial action, in accordance with applicable law. The Company will not take any acts of retribution or retaliation against you for making a good faith report. Conversely, any bad faith reporting could lead to disciplinary sanctions, up and including dismissal. All employees and supervisors have a duty to cooperate in the investigation of reports of questionable accounting or auditing matters, or the reporting of fraudulent financial information, or of government bribery, or of discrimination, retaliation or harassment resulting from the reporting or investigation of such matters. In addition, an employee shall be subject to disciplinary action, including the termination of their employment, if the employee fails to cooperate in an investigation, or deliberately provides false information during an investigation consistent with applicable local law. If, at the conclusion of its investigation, Cutera determines that a violation of policy has occurred, Cutera will take effective remedial action commensurate with the severity of the offense. This action may include disciplinary action against the accused party, up to and including termination. Reasonable and necessary steps will also be taken to prevent any further violations of policy.
