Only holders of record of shares of our common stock (NASDAQ: CUTR) at the close of business on March 24, 2010 will be entitled to notice of, and to vote at, the meeting and any postponements or adjournments of the meeting.

**PROXY STATEMENT
FOR
2010 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 19, 2010**

The Board of directors of Cutera, Inc., a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2010 Annual Meeting of Stockholders to be held on Wednesday, May 19, 2010, beginning at 10:00 a.m., Pacific Time, which is the local time, at our principal executive offices located at 3240 Bayshore Blvd., Brisbane, California 94005-1021, and at any postponements or adjournments thereof. This proxy statement contains important information regarding the meeting. Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement the terms “we”, “our”, “Cutera” and the “Company” each refer to Cutera, Inc.; the term “Board” means our Board of directors; the term “proxy materials” means this proxy statement, the enclosed proxy card, and our Annual Report of Form 10-K for the year ended December 31, 2009, filed with the U.S. Securities and Exchange Commission (the “SEC”) on March 15, 2010, and the term “Annual Meeting” means our 2010 Annual Meeting of Stockholders.

We are sending the Notice of Internet Availability of Proxy Materials on or about April 9, 2010, to all stockholders of record at the close of business on March 24, 2010 (the “Record Date”).

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION AND VOTING AT THE ANNUAL MEETING

Why am I receiving these proxy materials?

You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date (which was March 24, 2010). As a stockholder of record, you are invited to attend the meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

Pursuant to SEC rules, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders.

All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials.

Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice.

In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual stockholders’ meetings on the environment. If you chose in connection with our 2009 Annual Meeting of Stockholders to receive future proxy materials by email, you should receive an email this year with instructions containing a link to those materials and a link to the proxy voting site. In connection with our upcoming Annual Meeting, if you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is the purpose of the Annual Meeting?

At our meeting, stockholders of record will vote upon the items of business outlined in the notice of meeting (on the cover page of this proxy statement), each of which is described more fully in this proxy statement. In addition, management will report on the performance of the Company and respond to questions from stockholders.

Who is entitled to attend the meeting?

You are entitled to attend the meeting only if you owned our common stock (or were a joint holder) as of the Record Date or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance.

Please also note that if you are not a stockholder of record but hold shares in street name (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 10:00 a.m., local time. Check-in will begin at 9:30 a.m., local time.

Who is entitled to vote at the meeting?

Only stockholders who owned our common stock at the close of business on the Record Date are entitled to notice of and to vote at the meeting, and at any postponements or adjournments thereof.

As of the Record Date, 13,440,720 shares of our common stock were outstanding. Each outstanding share of our common stock entitles the holder to one vote on each matter considered at the meeting. Accordingly, there are a maximum of 13,440,720 votes that may be cast at the meeting.

How many shares must be present or represented to conduct business at the meeting (that is, what constitutes a quorum)?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the meeting will constitute a quorum. A quorum is required to conduct business at the meeting. The presence of the holders of our common stock representing at least 6,720,361 votes will be required to establish a quorum at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What items of business will be voted on at the meeting?

The items of business scheduled to be voted on at the meeting are as follows:

1. the election of three nominees to serve as Class III directors on our Board; and
2. the ratification of the appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2010 fiscal year.

These proposals are described more fully below in this proxy statement. As of the date of this proxy statement, the only business that our Board intends to present or knows of that others will present at the meeting is as set forth in this proxy statement. If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares "FOR" each of the director nominees and "FOR" the ratification of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the 2010 fiscal year.

What shares can I vote at the meeting? You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record*, and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

What is the difference between holding shares as a stockholder of record and as a beneficial owner? Most of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, Inc., you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by us. As the *stockholder of record*, you have the right to grant your voting proxy directly to Cutera or to vote in person at the meeting. We have enclosed a proxy card for your use.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares without attending the meeting? Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record of our common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. Our stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by the broker, trustee or nominee and mailing them in the accompanying pre-addressed envelope.

How can I vote my shares in person at the meeting? Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.

Can I change my vote? You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Cutera or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

What vote is required to approve each item and how are votes counted?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. The three director nominees receiving the highest number of affirmative “FOR” votes at the meeting (a plurality of votes cast) will be elected to serve as Class III directors. You may vote either “FOR” or “WITHHOLD” your vote for the director nominees. A properly executed proxy marked “WITHHOLD” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm. For the ratification of the appointment of our Independent Registered Public Accounting Firm, the affirmative “FOR” vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote “FOR,” “AGAINST” or “ABSTAIN” for this item of business. If you “ABSTAIN,” your abstention has the same effect as a vote “AGAINST.”

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (“FOR” all of the Company’s nominees to the Board, “FOR” ratification of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm, and in the discretion of the proxy holders on any other matters that may properly come before the meeting).

What is a “broker non-vote”?

A “*broker non-vote*” occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters, which includes ratifying the appointment of an independent registered public accounting firm but does not include the election of directors. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares “FOR” ratification of the Independent Registered Public Accounting Firm. **However, beginning this year, if you do not instruct your broker how to vote with respect to the election of directors, your broker may not vote with respect to such proposal and your shares will not be counted as voting in favor of the election of directors.**

How are “broker non-votes” counted?

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will *not* be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of votes cast with respect to a proposal (other than the election of directors), but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote "AGAINST" a proposal.

What happens if additional matters are presented at the meeting?

Other than the two proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting. If you grant a proxy, the persons named as proxy holders, Kevin P. Connors (our President, Chief Executive Officer and member of our Board) and Ronald J. Santilli (our Chief Financial Officer), will have the discretion to vote your shares on any additional matters that may be properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.

Who will serve as inspector of election?

We expect a representative of Computershare Trust Company, Inc., our transfer agent, to tabulate the votes, and expect Rajesh Madan, our Vice President of Finance to act as inspector of election at the meeting.

What should I do in the event that I receive more than one set of proxy/voting materials?

You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each Cutera proxy card and voting instruction card that you receive to ensure that all your shares are voted.

Who is soliciting my vote and who will bear the costs of this solicitation?

Your vote is being solicited on behalf of the Board, and the Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, by electronic mail or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We may also engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, will not be material.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the Annual Meeting and file a Form 8-K with the SEC within four business days after the end of our Annual Meeting to report the voting results.

What is the deadline to propose actions for consideration at next year's Annual Meeting of stockholders or to nominate individuals to serve as directors?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the Annual Meeting to be held in 2011, the written proposal must be received by our corporate Secretary at our principal executive offices no later than December 9, 2010, which is the date 120 calendar days before the anniversary of the mailing date of the Notice of Internet Availability of Proxy Materials. If the date of next year's Annual Meeting is moved more than 30 days before or after the anniversary date of this year's Annual Meeting, the deadline for inclusion of proposals in our proxy statement is instead a reasonable time before we begin to print and mail its proxy materials. Such proposals also must comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other applicable rules established by the SEC. Stockholders interested in submitting such a proposal are advised to contact knowledgeable legal counsel with regard to the detailed requirements of applicable securities laws. Proposals should be addressed to:

Secretary
Cutera, Inc.
3240 Bayshore Blvd.
Brisbane, California 94005-1021

Nomination of Director Candidates: You may propose director candidates for consideration by our Board. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the "Secretary" at the address of our principal executive offices set forth above. In addition, our Bylaws permit stockholders to nominate directors for election at an Annual Meeting of stockholders. To nominate a director, the stockholder must provide the information required by our Bylaws, as well as a statement by the nominee consenting to being named as a nominee and to serve as a director if elected. In addition, the stockholder must give timely notice to our corporate Secretary in accordance with the provisions of our Bylaws, which require that the notice be received by our corporate Secretary no later than December 9, 2010.

Copy of Bylaw Provisions: You may contact our corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

STOCK OWNERSHIP

Security Ownership of Certain Beneficial Owners and Management

The following table provides information relating to the beneficial ownership of our common stock as of the Record Date, by:

- each stockholder known by us to own beneficially more than 5% of our common stock;
- each of our Named Executive Officers named in the Summary Compensation Table on page 27 (our Chief Executive Officer and our Chief Financial Officer);
- each of our directors; and
- all of our directors and Named Executive Officers as a group.

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of March 24, 2010 (the Record Date) through the exercise of any stock option or other right. The number and percentage of shares beneficially owned is computed on the basis of 13,440,720 shares of our common stock outstanding as of the Record Date. The information in the following table regarding the beneficial owners of more than 5% of our common stock is based upon information supplied by principal stockholders or Schedules 13D and 13G filed with the SEC.

Shares of our common stock that a person has the right to acquire within 60 days of the Record Date are deemed outstanding for purposes of computing the percentage ownership of the person holding such rights, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. To our knowledge, except as set forth in the footnotes to this table and subject to applicable community property laws, each person or entity named in the table has sole voting and disposition power with respect to the shares set forth opposite such person's or entity's name. The address for those persons for which an address is not otherwise provided is c/o Cutera, Inc., 3240 Bayshore Blvd., Brisbane, California 94005-1021.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and beneficial owners of more than 10% of our common stock to file reports of ownership and reports of changes in the ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us, or written representations from reporting persons that no Forms 3, 4 or 5 were required of such persons, we believe that during our fiscal year ended December 31, 2009, all reports were timely filed.

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

Our Board currently consists of eight authorized directors, with one vacancy. The Company's directors are Kevin P. Connors, David A. Gollnick, Timothy J. O'Shea, David B. Apfelberg, W. Mark Lortz, Jerry P. Widman, and Annette J. Campbell-White. Our Board has determined that each of the directors other than Kevin P. Connors, the Company's President and Chief Executive Officer, and David A. Gollnick, the Company's former Executive Vice President of Research and Development and a current consultant to our Company satisfy the current "independent director" standards established by rules of The NASDAQ Stock Market LLC ("Nasdaq").

Board Leadership Structure

Our Board does not have a chairman or lead independent director. Our Chief Executive Officer, Mr. Connors, performs many of the functions that a chairman would typically perform, including setting the agenda for each board meeting and presiding over such meetings. In addition, as described in more detail below, the Board has two standing committees, an Audit Committee and a Compensation Committee. The chairman and each member of these committees is an independent director. The Board delegates substantial duties and responsibilities to each committee. The committees make recommendations to the Board and report regularly to the Board on their activities and any actions they have taken. We believe that our independent board committees and their chairman are an important aspect of our board leadership structure.

Risk Oversight and Analysis

Our management is responsible for managing the risks we face in the ordinary course of operating our business. The Board oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business. While our Board has the ultimate responsibility for risk management and oversight, various committees of the Board also support the Board in its fulfillment of this responsibility. For example, our Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management our system of disclosure controls and our internal controls over financial reporting, and risks associated with our cash investment policies. Our business is run conservatively and excessive risk taking has been discouraged. As a result, risk analysis has not been a significant factor for our Compensation Committee in establishing compensation.

Committees of the Board

Our Board has two standing committees: the Audit Committee and the Compensation Committee. From time to time, our Board may also create various ad hoc committees for special purposes. The membership during the last fiscal year and the function of each of the committees are described below.

X = Committee member

* = Chairman of Committee

** = Mr. Gollnick resigned from the position of Executive Vice President of Research and Development effective March 20, 2009 and continues to be a member of our Board and a consultant to our Company.

Audit Committee. The Audit Committee oversees the Company's accounting and financial reporting processes and the audits of its financial statements. In this role, the Audit Committee monitors and oversees the integrity of the Company's financial statements and related disclosures, the qualifications, independence, and performance of the Company's Independent Registered Public Accounting Firm, and the Company's compliance with applicable legal requirements and its business conduct policies. Our Board has determined that each member of the Audit Committee meets the independence and financial literacy requirements of the Nasdaq rules and the independence requirements of the SEC. Our Board has determined that Jerry P. Widman continues to qualify as an "audit committee financial expert," as defined in SEC rules. The Audit Committee has a written charter, which was adopted by our Board in January 2004, a copy of which can be found on our website at www.cutera.com. The report of the Audit Committee appears on page 13 of this proxy statement.

Compensation Committee. The Compensation Committee, together with the Board, establishes compensation for the Chief Executive Officer and the other executive officers and administers the Company's 2004 Equity Incentive Plan (as amended in 2008) and 2004 Employee Stock Purchase Plan. The Compensation Committee has a written charter, which was adopted by our Board in January 2004, and amended on April 13, 2007 and on April 25, 2008, and can be found on our website.

Meetings Attended by Directors

During 2009, the Board held five meetings, the Audit Committee held seven meetings and the Compensation Committee held four meetings. No director attended fewer than 75% of the meetings of the Board or committee(s) on which he or she served during 2009.

The directors of the Company are encouraged to attend the Company's Annual Meeting of Stockholders, and director Kevin P. Connors attended the meeting in 2009 in person, and directors David B. Apfelberg, Annette J. Campbell-White, Timothy J. O'Shea and Jerry Widman attended that meeting telephonically. No other board members attended that meeting, in person or telephonically.

Director Nomination Process

Nominations. Our Board does not currently have a nominating committee or other committee performing a similar function nor do we have any formal written policies outlining the factors and process relating to the selection of nominees for consideration for Board membership by the full Board and the stockholders. Our Board has adopted resolutions in accordance with the Nasdaq Rules authorizing a majority of its independent members to recommend qualified nominees for consideration by the full Board. Our Board believes that it is appropriate for us to not have a standing nominating committee because of a number of factors, including the number of independent directors who want to participate in consideration of candidates for membership on the Board. Our Board consists of seven members, five of whom are independent. Our Board considered forming a nominating committee consisting of several of the independent members of our Board. Forming a committee consisting of less than all of the independent members would have resulted in the omission of the other independent members of our Board who wanted to participate in considering qualified candidates for Board membership. Since our Board desired the participation in the nominations process of all of its independent members, it therefore decided not to form a nominating committee and instead authorized a majority of the independent members of our Board to make and consider nominations for Board membership. The independent members of our Board do not have a nominating committee charter, but act pursuant to Board resolutions as described above. Each of the members of our Board authorized to recommend nominees to the full Board is independent within the meaning of the current “independent director” standards established by Nasdaq’s rules. Our Board intends to review this matter periodically, and may in the future elect to designate a formal nominating committee.

Director Qualifications. While the independent members of our Board have not established specific minimum qualifications for director candidates, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with our Code of Ethics. While the independent members of the Board have not formalized specific minimum qualifications they believe must be met by a candidate to be recommended by the independent members, the independent members of the Board believe that candidates and nominees must reflect a Board that is comprised of directors who (i) have broad and relevant experience, (ii) are predominantly independent, (iii) are of high integrity, (iv) have qualifications that will increase overall Board effectiveness and enhance long-term stockholder value, and (v) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this proxy statement under “What is the deadline to propose actions for consideration at next year’s Annual Meeting of Stockholders or to nominate individuals to serve as directors?,” our Bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our Board. In addition, the independent members of our Board may consider properly submitted stockholder recommendations (as opposed to formal nominations) for candidates for membership on the Board. A stockholder may make such a recommendation by submitting the following information to our Secretary at 3240 Bayshore Blvd., Brisbane, California 94005-1021: the candidate’s name, home and business contact information, detailed biographical data, relevant qualifications, professional and personal references, information regarding any relationships between the candidate and Cutera within the last three years and evidence of ownership of Cutera stock by the recommending stockholder.

Identifying and Evaluating Director Nominees. Typically new candidates for nomination to the Board are suggested by existing directors or by our executive officers, although candidates may initially come to our attention through professional search firms, stockholders or other persons. The independent members of the Board carefully review the qualifications of any candidates who have been properly brought to their attention. Such a review may, in the Board’s discretion, include a review solely of information provided to the Board or may also include discussion with persons familiar with the candidate, an interview with the candidate or other actions that the Board deems proper. The Board shall consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the independent members of the Board considers many factors, including, issues of character, judgment, independence, expertise, length of service, and other commitments. In addition, the independent members of the Board take into account diversity in professional experience, skills and background in considering and evaluating candidates. However, while diversity relating to background, skill, experience and perspective is one factor considered in the nomination process, the Company does not have a formal policy relating to diversity. The Board evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the independent directors using the same criteria as other candidates. Candidates are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

From January 1, 2009 through June 28, 2009, our non-employee directors earned an annual retainer of \$25,000 for regular board meetings. In June 2009, the Board reviewed a report from Mercer, the Company's compensation consultant, relating to director compensation. The results of the Mercer report demonstrated that: 1) there was a trend away from per meeting fees and towards annual retainers for services rendered by Board and Committee members, 2) cash compensation for directors was increasing based on the additional duties and responsibilities of Board and committee members, and 3) there was a trend away from stock options to fully vested equity grants based on a fixed dollar value rather than a share value. On June 29, 2009, our Board, following recommendations of its Compensation Committee revised the annual compensation of its non-employee directors. Accordingly, our non-employee directors currently earn an annual retainer of \$45,000 for regular board meetings; \$6,000 for Compensation Committee meetings; and \$7,500 for Audit Committee meetings. Additionally in 2009, the Chairman of the Audit Committee earned an annual retainer of \$20,000 and the Chairman of the Compensation Committee earned an annual retainer of \$20,000. Our directors no longer receive per meeting fees for board and committee meetings regardless of the number of meetings held throughout the year.

Our 2004 Equity Incentive Plan provides for the automatic grant of options to our non-employee directors. Effective from January 1, 2008, each non-employee director who is appointed to the Board will receive an initial option to purchase 14,000 shares of our common stock upon such appointment, and effective June 29, 2009, each non-employee director who is a director on the date of each Annual Meeting of stockholders and has been a director for at least the preceding six months will receive stock on an annual basis equivalent to the number of shares represented by the quotient of \$60,000 divided by the closing stock price of our common stock on the date of each Annual Meeting of stockholders. All options granted under those automatic grant provisions will have an exercise price equal to fair market value on the date of grant and a term of seven years. Each option to purchase 14,000 shares will become exercisable as to one-third of the shares subject to the option on each anniversary of its date of grant, provided the non-employee director remains a director on such dates. Each stock will become vested as to 100% of the shares on the date of grant.

Code of Ethics

We are committed to maintaining the highest standards of business conduct and ethics. Our Code of Ethics, as amended, (the "Code") reflects our values and the business practices and principles of behavior that support this commitment. The Code is intended to satisfy SEC rules for a "code of ethics" required by Section 406 of the Sarbanes-Oxley Act of 2002, as well as the Nasdaq listing standards requirement for a "code of conduct." The Code is an Exhibit to our Form 8-K filed with the SEC on April 27, 2004, was amended and restated on November 19, 2009, and is available on the Company's website at www.cutera.com. We will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or Nasdaq, on our website.

We entered into a consulting agreement with David A. Gollnick on March 2, 2009 upon Mr. Gollnick's resignation as the Company's Executive Vice President of Research and Development, pursuant to which Mr. Gollnick is compensated for services that he provides to us, including assisting with transitioning the duties and responsibilities of the position of Vice President of Research and Development to a successor and providing product development and clinical support. PROPOSAL TWO—RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected PricewaterhouseCoopers LLP as the Independent Registered Public Accounting Firm to perform the audit of the Company's consolidated financial statements for the fiscal year ending December 31, 2010. PricewaterhouseCoopers LLP audited the Company's consolidated financial statements for the fiscal years 2001 through 2009.

The Board is asking the stockholders to ratify the selection of PricewaterhouseCoopers LLP as the Company's Independent Registered Public Accounting Firm for 2010. Although not required by law, by rules of Nasdaq, or by the Company's bylaws, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different Independent Registered Public Accounting Firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from the Company's stockholders.

Board of Directors' Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2010.

Audit and Non-Audit Services

The Audit Committee is directly responsible for the appointment, compensation, and oversight of the Company's Independent Registered Public Accounting Firm. In addition to retaining PricewaterhouseCoopers LLP to audit the Company's consolidated financial statements for 2009, the Audit Committee retained PricewaterhouseCoopers LLP to provide other auditing and advisory services in 2009. The Audit Committee understands the need for PricewaterhouseCoopers LLP to maintain objectivity and independence in its audits of the Company's financial statements. The Audit Committee has reviewed all non-audit services provided by PricewaterhouseCoopers LLP in 2009 and has concluded that the provision of such services was compatible with maintaining PricewaterhouseCoopers LLP's independence in the conduct of its auditing functions.

To help ensure the independence of the Independent Registered Public Accounting Firm, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for the Company by its Independent Registered Public Accounting Firm. Pursuant to this policy, all audit and non-audit services to be performed by the Independent Registered Public Accounting Firm must be approved in advance by the Audit Committee. The Audit Committee may delegate to one or more of its members the authority to grant the required approvals, provided that any exercise of such authority is presented to the full Audit Committee at its next regularly scheduled meeting.

The aggregate fees incurred by the Company for audit and non-audit services in 2009 and 2008 were as follows:

Service Category	2009	2008
Audit Fees	\$ 596,500	\$ 710,800
Audit Related Fees	—	—
Tax Fees	—	—
All Other Fees	1,500	1,500
Total	<u>\$ 598,000</u>	<u>\$ 712,300</u>

In the above table, in accordance with the SEC’s definitions and rules, “audit fees” are fees for professional services for the audit of a company’s financial statements and internal control over financial reporting included in the annual report on Form 10-K and for the review of a company’s financial statements included in the quarterly reports on Form 10-Q; “audit-related fees” are fees for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; “tax fees” are fees for tax compliance, tax advice and tax planning; and “all other fees” are a subscription fee for a PricewaterhouseCoopers LLP online service used for accounting research purposes. Included in audit fees are fees that were billed and unbilled for services rendered during the year ended December 31, 2009.

All of the services provided by PricewaterhouseCoopers LLP described in the table above were approved by the Audit Committee.

Compensation Discussion and Analysis

Overview

The primary objectives of our compensation programs are:

- that they be fair, objective and consistent across the employee population;
- that compensation be directly and substantially linked to measurable corporate and individual performance; and
- that compensation remains competitive, so that we can attract, motivate, retain and reward the key employees whose knowledge, skills and performance are necessary for our success.

We seek to foster a culture where individual performance is aligned with organizational objectives. We evaluate and reward our Named Executive Officers based on the comparable industry specific and general market compensation for their respective positions in the company and an evaluation of their contributions to the achievement of short-and long-term organizational goals. Executive compensation is reviewed annually by our Compensation Committee, and adjustments are made to reflect performance-based factors and competitive conditions.

Role of Our Compensation Committee

Compensation Committee Charter

The Compensation Committee establishes compensation for our two Named Executive Officers – our Chief Executive Officer and Chief Financial Officer, and administers our equity incentive plans, which are currently the 2004 Equity Incentive Plan and the 2004 Employee Stock Purchase Plan. The Compensation Committee has a written charter, which was adopted by our Board in January 2004, and was amended in April 2007 and in April 2008. A copy of this charter, as amended, can be found on our website, which is www.cutera.com.

Duties of the Compensation Committee

The responsibilities of the Compensation Committee include:

- (i) Establishing the following for the Named Executive Officers and such other officers as appropriate: (a) annual base salary, (b) annual incentive bonus, which may include the setting of specific goals and amounts, (c) equity compensation, (d) agreements for employment, severance and change-of-control, and (e) any other benefits, compensation or arrangements, other than benefits generally available to our employees.

- (ii) Reviewing and making recommendations to our Board of Directors, at such intervals as may be decided by the Compensation Committee from time to time, regarding (a) general compensation goals and guidelines for our employees and the criteria by which bonuses and stock compensation awards to our employees are determined; and, (b) other policies and plans for the provision of compensation to our employees, directors and consultants.
- (iii) Acting as Administrator of our 2004 Equity Incentive Plan, 2004 Employee Stock Purchase Plan, and any other equity compensation plans adopted by our Board.
- (iv) Reviewing and making recommendations to our Board with respect to policies relating to the issuance of equity incentives to employees, consultants and directors.
- (v) Evaluating the compensation of the independent members of our Board.
- (vi) Preparing the report that follows this Compensation Discussion and Analysis.

Compensation Committee Members

The members of our Compensation Committee are appointed by our Board. The members of that committee as of the Record Date were Dr. David B. Apfelberg (chairman), Mr. Jerry P. Widman and Ms. Annette J. Campbell-White. Each member of the Compensation Committee is an “outside director” for purposes of Section 162(m) of the Internal Revenue Code, a “non-employee director” for purposes of Rule 16b-3 under the Exchange Act and satisfies the independence requirements imposed by Nasdaq.

Role of the Compensation Committee and its Consultant in Setting Executive Compensation

Our Compensation Committee establishes the compensation packages for our Named Executive Officers to ensure consistency with market compensation rates for similar positions, our compensation philosophy and corporate governance guidelines. Decisions are made only by the directors who are “outside directors” for purposes of Section 162(m) of the Internal Revenue Code and “non-employee directors” for purposes of Rule 16b-3 under the Exchange Act.

With the SEC’s recent reforms relating to executive compensation disclosure, our Compensation Committee has assumed an active role in reviewing market data and working with a compensation consultant on executive compensation matters. From 2005 to March 2009, we worked with a third-party compensation consultant, Compensia, to assist us in setting executive compensation. In March 2009, we replaced Compensia with Mercer as our third-party compensation consultant. Because certain components of executive compensation—such as bonus targets—are driven by operational priorities, as to which management has greater insight than the Board or the Compensation Committee, the Compensation Committee has directed management to interface with the Committee and the compensation consultant to help establish appropriate targets.

Due to the significant cost associated with services provided by a compensation consultant, we may decide not to engage a compensation consultant each year, but rather once every few years. This decision shall be evaluated regularly and will be based on the Compensation Committee's evaluation of whether the prior report obtained, along with increased disclosures of other public companies from our Peer Group relating to executive compensation disclosure, is sufficient to allow them to make informed and reasonable decisions with regard to executive-compensation matters.

Role of our Executives in Setting Compensation

On occasion, the Compensation Committee meets with members of our management team, including Messrs. Kevin Connors and Ron Santilli, to obtain recommendations with respect to Company compensation programs, practices and packages for executives, other employees and directors. Management may make recommendations to the Compensation Committee on all components of compensation. The Compensation Committee considers, but is not bound to and does not always accept, management's recommendations with respect to these matters. The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our Named Executive Officers and does not delegate any of its compensation functions to others.

Market Benchmarks

In developing its recommendations for annual compensation packages for our Named Executive Officers, our Compensation Committee worked with Mercer to gather market data and identify an appropriate peer group of public companies. The members of that peer group are Athenahealth, Atrion Corporation, Candela (acquired by Syneron Medical, Ltd.), Cryolife, Cynosure, Emageon, Exactech, I-Flow Corporation, Lifecore Biomedical, Meddecision, Meridian Bioscience, Osteotech, Palomar Medical Technologies, Quadramed, RTI Biologics, Solta Medical, Transcend Services, and Tutogen Medical (the "Peer Group"). Our Compensation Committee used this data in developing its recommendations for annual compensation for our Named Executive Officers, but also ensured that its recommendations were consistent with the philosophy underlying our compensation programs.

Compensation Components

Our Named Executive Officers are compensated with cash, equity and non-equity incentives, and other customary employee benefits.

Cash Compensation. Cash compensation consists of base salary, participation in a discretionary bonus program and participation in a discretionary profit-sharing plan. Our cash compensation goals for our Named Executive Officers are based upon the following principals:

- Salary should generally be set at or above the 50th percentile of the Peer Group;
- Salary should be positioned to reflect each individual's experience, performance and potential;
- A significant portion of cash compensation should be "at risk;" and
- The amount of discretionary bonuses payable in any quarter is based on revenue growth, compared with the same quarter in the prior year, and the operating profit before stock-based compensation and non-operational expenses, or "Adjusted Operating Profit." Further, discretionary bonuses are payable only if we have an Adjusted Operating Profit for that quarter.

Base Salary and Total Target Cash Compensation. Total target cash compensation for each Named Executive Officer includes his annual base salary, annual target bonus level (described below) and annual profit-sharing payments.

During 2009, our Compensation Committee retained Mercer, a third-party compensation consultant, to assist it with establishing compensation for our Named Executive Officers. In 2009, Mercer's fees for compensation consulting to the Compensation Committee were approximately \$68,000. Mercer does not provide any other services to us other than the services it performs at the request of the Compensation Committee. Mercer assisted the Compensation Committee's executive compensation-setting process by:

- assessing the competitiveness of our compensation arrangements for the Named Executive Officers and making recommendations regarding the 2009 equity grants to these individuals;
- assessing the competitiveness of our compensation arrangements for the members of our Board and making recommendations regarding the compensation program's design and levels; and
- reviewing and providing comments on the structure of the stock option exchange program.

Mercer concluded that our executive total target cash compensation program was well aligned with the practices of the broader medical device industry and direct peers.

Following its review of Mercer's report, the Compensation Committee made recommendations to our Board to maintain the annual base salary and total target cash compensation of our Named Executive Officers as that set by our Board in February 2008.

Discretionary Bonus Program. In addition to base salary compensation, we had a discretionary bonus program in 2009 for our Named Executive Officers and other personnel pursuant to which cash payments may be made quarterly based on the Company's performance in the then-preceding quarter. The annual target bonus levels as a percentage of base salary for the Named Executive Officers effective through December 31, 2009, remained the same as that set by our Board in February 2008 at 60% for Mr. Connors and 45% for Mr. Santilli. Payments made under the discretionary bonus program are at the Board's option. We, however, have historically made payments in accordance with this program.

Target bonuses in 2009 were calculated based upon a matrix of revenue growth and Adjusted Operating Profit. For example, at 10% revenue growth and 10% Adjusted Operating Profit, an individual would receive 100% of his or her target bonus. At 50% revenue growth and 25% Adjusted Operating Profit, an individual would receive 375% of his or her target bonus. There were no bonuses paid to our Named Executive Officers in the first, second and third quarters because we did not have an Adjusted Operating Profit in those quarters. We paid bonuses in the fourth quarter of 2009 to our named Executive Officers based upon achieving an Adjusted Operating Profit for that quarter. The actual bonus earned by each of our Named Executive Officers in 2009 decreased significantly over 2008 and was equal to approximately 6% of their respective annual target bonus.

Discretionary Profit-Sharing Program. We also have a discretionary profit sharing program for our Named Executive Officers and other employees pursuant to which cash payments may be made quarterly. Target profit-sharing payments are calculated based upon half of the quarterly pre-tax Adjusted Operating Profit percentage (pre-tax Adjusted Operating Profit divided by revenue) multiplied by the Named Executive Officer's gross salary earned during that quarter. There were no profit-sharing payments made to our Named Executive Officers in the first, second and third quarters of 2009 because we neither had revenue growth, nor an Adjusted Operating Profit in those quarters. We made profit-sharing payments in the fourth quarter to our named Executive Officers based upon achieving an Adjusted Operating Profit for that quarter. The profit-sharing payments made to each of our Named Executive Officers in 2009 were equal to approximately 0.6% of their respective annual base salary.

Long-Term Incentive Program. We believe that equity-based compensation promotes and encourages long-term successful performance by our Named Executive Officers that is aligned with the organization's goals and the generation of stockholder value. Our equity compensation goals for our Named Executive Officers and others are based upon the following principals:

- Stockholder and executive interests should be aligned;

- Key and high-performing employees, who have a demonstrable impact on our performance and /or stockholder value, should be provided this benefit;
- The program should be structured to provide meaningful retention incentives to participants;
- The equity grants should reflect each individual's experience, performance, potential and be comparable to what the Peer Group grants for the respective position; and
- Actual awards should be tailored to reflect individual performance and attraction/retention goals.

Equity Incentive Compensation. Under our 2004 Equity Incentive Plan, we are permitted to grant stock options, stock appreciation rights, restricted shares, restricted stock units, performance shares, and other stock-based awards. Under that Plan, we grant options to our officers, directors and employees to purchase shares of our common stock at an exercise price equal to the fair market value of such stock on the date of grant. The grant date for stock options to our Named Executive Officers is typically the date of a regularly scheduled board meeting, or, for annual merit grants, on or around June 1 of each year. Our outside directors are granted stock annually on the date of our Annual Meeting of stockholders. We have no program, plan or practice to select option grant dates (or set board meeting and annual general meeting of stockholders dates) to correspond with the release of material non-public information.

In June 2009, following the recommendations of Mercer, our Compensation Committee, with the approval of our non-employee, outside directors, granted options to Messrs. Connors and Santilli to acquire 120,000 and 55,000 shares of our common stock under our 2004 Equity Incentive Plan, respectively. These equity grants are in the form of stock option awards. At the time these awards were granted, the unvested stock options of each of our Named Executive Officers had exercise prices that were higher than the then-current per-share price of our common stock. Each of these awards was issued for the purpose of retaining the individual recipient and thus ultimately increasing the value of the Company.

Each of the stock option awards described in the preceding paragraph has a vesting commencement date of June 1, 2009, a term of seven years, and vests as follows: twelve thirty-sixths of the total number of shares subject to the stock option shall vest one full calendar year following the vesting commencement date and one thirty-sixth of the total number of shares subject to the stock option shall vest on the last day of each full calendar month thereafter, until all such shares have vested, subject to the option holder continuing to provide services to us through each such date.

In addition, in May 2008 we granted retention options to our Named Executive Officers that will cliff vest 100% in May 2011. We believe these option grants provide a meaningful incentive for Named Executive Officers to continue providing services until the end of that three-year period.

In 2005, we issued performance unit awards (otherwise commonly referred to as restricted stock units) to our Named Executive Officers and certain employees pursuant to, and as provided under, the 2004 Equity Incentive Plan. Each recipient of an award entered into a performance unit award agreement (or Award Agreement). These awards vested annually at the rate of 25% of the units per year, for four years, and became fully vested in 2009. Pursuant to the Award Agreements, following each annual vesting date, the award was settled in stock, net of stock withheld for the payment of employee taxes. Under the terms of the 2004 Equity Incentive Plan and the Award Agreements, each unit had an initial value equal to the fair market value of our common stock on the date of grant. On its vesting date, the unit had a value equal to the fair market value of our common stock on the date of vesting.

We also have a 2004 Employee Stock Purchase Plan that provides eligible employees with the opportunity to purchase shares of our common stock at a 15% discounted price to the lower of the fair market value at either the beginning or the end of the applicable offering period. During 2009, our Chief Financial Officer participated in this Plan, but our Chief Executive Officer did not participate in this Plan.

Option Exchange Program. In January 2009, our Board determined that it would be in the best interests of the Company and our stockholders to provide for a one-time exchange of stock options that are underwater as of the date of exchange (the "Option Exchange Program"), and delegated to its Compensation Committee the task of developing a specific program. The Compensation Committee, after receiving input from Mercer, approved the detailed terms of the Option Exchange Program in March 2009, subject to approval by our stockholders. At our 2009 Annual Meeting of Stockholders held in May 2009, the stockholders of the Company approved the Option Exchange Program for our employees and voted against the Option Exchange Program for our executive officers and the independent members of our Board of Directors.

In July 2009, we completed the Option Exchange Program for our employees to exchange certain options outstanding for new options to purchase shares of our common stock. As a result, options to purchase 864,373 shares of our common stock were cancelled and new options to purchase up to 447,841 shares of the Company's common stock were issued in exchange. The new options have an exercise price per share of \$8.49, the closing price of our common stock as reported on the Nasdaq Global Select Market on the date that the offer expired and Option Exchange Program was completed, are unvested as of the grant date, and subject to an additional six (6) months of vesting over and above the vesting schedule of the surrendered options. It is the view of our Board and its Compensation Committee that the modified equity awards are a valuable incentive and retention tool and are a part of compensation for non-executive employees of the Company.

Benefits. We provide the following benefits to our Named Executive Officers generally on the same basis as the benefits provided to all employees:

- Health, dental and vision insurance;
- Life insurance;
- Short-and long-term disability;
- 401(k) plan, however, in 2009 we discontinued our discretionary employer match on employee 401(k) contributions; and
- Flexible Spending Accounts.

These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

We have Change of Control and Severance Agreements with each of our Named Executive Officers. The purpose of these agreements is to provide incentives to our Named Executive Officers to continue their employment with the Company and not be distracted by the possibility of loss of employment as a result of an acquisition of the Company or for other reasons.

The Change of Control and Severance Agreements provide that if a Named Executive Officer's employment with the Company is terminated by the Company without Cause or by the executive for Good Reason either prior to 3 months before or after 12 months following a Change of Control (as such capitalized terms are defined in the Change of Control and Severance Agreement) of the Company but not in connection with a Change of Control, the executive will receive, subject to signing a release of claims in favor of the Company, (i) a lump sum severance payment equal to 200% of the annual base salary as in effect immediately prior to such termination for our Chief Executive Officer and 100% of the annual base salary as in effect immediately prior to such termination for our Chief Financial Officer; and (ii) up to 24 months for our Chief Executive Officer and up to 12 months for our Chief Financial Officer of reimbursement for premiums paid for COBRA coverage.

The Change of Control and Severance Agreements also provide that if an executive's employment with the Company is terminated by the Company without Cause or by the executive for Good Reason and such termination occurs within the period beginning 3 months before, and ending 12 months following, a Change of Control of the Company and in connection with a Change of Control, the executive will receive, subject to signing a release of claims in favor of the Company, (i) a lump sum severance payment equal to 200% of the annual base salary as in effect immediately prior to such termination or, if greater, at the level in effect immediately prior to the Change of Control for our Chief Executive Officer and 100% of the annual base salary as in effect immediately prior to such termination or, if greater, at the level in effect immediately prior to the Change of Control for our Chief Financial Officer; (ii) a lump sum severance payment equal to 100% of the executive's annual target bonus for the fiscal year in which the termination occurs or, if greater, executive's annual target bonus in effect immediately prior to the Change of Control; (iii) automatic vesting in full of all outstanding and unvested equity awards held by the executive as of the date of the Change of Control; and (iv) up to 24 months for our Chief Executive Officer and up to 12 months for our Chief Financial Officer of reimbursement for premiums paid for COBRA coverage.

Each Change of Control and Severance Agreement has an initial term of three years, and will extend for an additional year unless the Company or the applicable executive provides written notice at least sixty days prior to the third anniversary of the agreement. For purposes of these agreements, “Cause” shall mean executive’s termination only upon (i) executive’s willful failure to substantially perform executive’s duties (subject to notice and a reasonable period to cure), other than a failure resulting from executive’s complete or partial incapacity due to physical or mental illness or impairment; (ii) executive’s willful act which constitutes gross misconduct and which is injurious to the Company; (iii) executive’s willful breach of a material provision of the Change of Control and Severance Agreement (subject to notice and reasonable period to cure); or (iv) executive’s knowing, material and willful violation of a federal or state law or regulation applicable to the business of the Company.

For purposes of these agreements, “Good Reason” shall mean executive’s termination of employment within ninety (90) days following the expiration of any cure period following the occurrence of one or more of the following, without executive’s consent: (i) a material reduction in executive’s authority, duties, or responsibilities relative to duties, position or responsibilities in effect immediately prior to such reduction; (ii) a material reduction in executive’s base salary as in effect immediately prior to such reduction; or (iii) a material change in the geographic location at which executive must perform services (in other words, the relocation of executive to a facility that is more than fifty (50) miles from executive’s then-current location.

Based on its review of our change-in-control program, Mercer determined that it is aligned with the practices of our direct peers.

Potential Payments Upon Termination or Change in Control

Except for these Change of Control and Severance Agreements, we do not have employment agreements with any of our Named Executive Officers.

Internal Revenue Code Section 162(m) and Limitations on Executive Compensation

Section 162(m) of the United States Internal Revenue Code of 1986, as amended, may limit our ability to deduct for United States federal income tax purposes compensation paid to either our Chief Executive Officer or to other highly paid executive officers in any one fiscal year that is, for each such person, in excess of \$1,000,000. None of our executive officers received any such compensation in excess of this limit during 2009, or any prior year.

Grants of stock options under the 2004 Equity Incentive Plan are not subject to the deduction limitation; however, to preserve our ability to deduct the compensation income associated with options granted to such executive officers pursuant to Section 162(m) of the Internal Revenue Code, our 2004 Equity Incentive Plan provides that no optionee may be granted option(s) to purchase more than 500,000 shares of our common stock in any one fiscal year. However, in the fiscal year in which the optionee is hired, an optionee may be granted an option to purchase up to 1,000,000 shares of our common stock.
